

# JOHN INNES FOUNDATION HISTORICAL COLLECTIONS

## RARE BOOKS CATALOGUE

2<sup>nd</sup> Revised edition, November 2003

**Kenneth Dick, Acting Librarian  
John Innes Centre**

## **INTRODUCTION**

This catalogue is a revised edition of “The John Innes Special Collection: A catalogue of selected books from the Library of The John Innes Institute” compiled by Elizabeth Atchison in 1978. This earlier catalogue by the then Librarian and later Curator of the Rare Books Collection has proved invaluable to the staff and many researchers visiting the John Innes Centre to consult the Collection. With this 2nd revised edition the Rare Books Reference Collection has been added to the catalogue providing a more complete guide to the resources available within the collection.

It is important to note that the subtitle of the earlier publication, “Selected books” remains the case for this new edition as the special collections received as bequests have not been included. It is hoped that this new edition proves as useful and enjoyable as its predecessor.

## **ACKNOWLEDGEMENTS**

I would like to acknowledge the contribution all current and previous colleagues in the Library have made to this project. Particular mention should go to Elizabeth Stratton for providing the first revised edition of this catalogue.

Kenneth Dick,  
Acting Librarian,  
John Innes Centre.
